

Fortis. For ELISA kits.

Why choose our ELISA kits for your R&D?

- We are vertically integrated from immunization to manufacturing and validation
- All of our antibodies are manufactured in-house
- Our antibodies pass strict validation standards

Our catalog includes everything you need to run your assay:

- 50+ ELISA kits for mouse, human, bovine, rat, pig, chicken, dog, and rabbit serum proteins
- Blocking & coating buffers
- Wash solutions
- Microtiter plates

Highlights from our catalog include:

- **Human Albumin ELISA Kit (Cat. #E88-129)**
We also offer Albumin ELISA kits for rat, mouse, pig, & bovine.
- **Human IgG-Fc ELISA Kit (Cat. #E88-104)**
We also offer a Human IgM-Fc ELISA kit.
- **Mouse IgG ELISA Kit (Cat. #E99-131)**
We also offer IgG ELISA kits for goat, mouse, dog, rat, chicken, bovine, rabbit, & pig.
- **Bovine Lactoferrin ELISA Kit (Cat. #E11-126)**
We also offer a Human Lactoferrin ELISA kit and several ELISA-validated anti-lactoferrin antibodies.
