

FAST AND EASY DIGITAL DOCUMENTATION OF THE GROSSING STEP

DIGITALIZED GROSSING

- A comprehensive tool to standardize acquisition and storage of the grossing pictures, videos and documentation.

FULL INTEGRATION WITH LIS AND PACS

- Thanks to the built-in MileWATCH, MacroPATH is integrated with LIS and PACS through various protocols, ensuring the highest level of compliance with key standards.

STREAMLINED WORKFLOW

- Fully integrated in the grossing, MacroPATH enables the operator to save time and standardize the digital description.

ENHANCED TRACEABILITY

- Through the software, the pathologist can inspect the grossing documentation to intercept potential mismatches.

FLEXIBLE SET-UP

- MacroPATH is available as a stand-alone system, or it can be installed in any grossing station.
