

ENHANCED USER SAFETY

The sliding safety shield with 30° angled front and the powerful downdraft and backdraft exhaust systems provide the operator with a safer working area

MACRO DIGITAL DOCUMENTATION

Equipped with MacroPATH Imaging System, UltraGROSS allows the operator to thoroughly document the grossing process for high-quality diagnostic report

DISCOVER NEXT GENERATION GROSSING

TRACKING & MONITORING

UltraGROSS can be integrated with MileWATCH to enable specimen tracking during grossing and monitor the proper functioning of the unit

OPTIMAL ERGONOMICS

The working height and all units settings can be easily adjusted from the smart user interface. Heavy-duty casters allow for swift mobility within the lab

UNPARALLELED MODULARITY

UltraGROSS can be customized to meet your laboratory's requirements by utilizing interchangeable AISI 316 stainless-steel modules
