

Phadia 250 16-position sample rack

Improve operating efficiency
and walk away time

The new 16-position sample rack increases loading capacity of the Phadia™ 250 instrument and extends walk away time without making any changes to your laboratory set up.

Increased sample loading capacity

Load up to 80 sample tubes simultaneously on your Phadia 250 instrument, a 60% increase in capacity

Flexible handling

Load a mix of 10-position and 16-position racks at the same time to suit your workflow needs

Quick and easy set-up

Each rack is uniquely identified by the Phadia™ Prime software
